

Announcement from Club de Campo Villa de Madrid **Postponement of the CDI4 * HM The King's Cup of Dressage.**

Dear Friends,

Considering the recommendations made by the official competent authorities in the field of health and sport, and also the fast evolution of the coronavirus COVID-19, from the CCVM we have decided to **POSTPONE** (NOT to suspend) the CDI4* HM The King's Cup of Dressage, and the competitions for minors and Young Horses that were going to be held together with it from March 18 to 22, as we will do with the rest of the sports competitions scheduled in our facilities.

We will announce the new date as soon as we have it confirmed.

We are aware of the inconvenience that this decision can cause, and we deeply regret having to differ this event, in which we have put a lot of enthusiasm and much effort, but we are sure that you all will understand that the current circumstances do not allow us, by pure responsibility, to act otherwise, attending to the safety of all.

We want to thank all riders who have decided to participate in our CDI's, as well as all the officers for accepting the invitation of the Club de Campo Villa de Madrid.

We also want to thank all the firms that have confirmed their collaboration, and that with their help make this event something special.

We hope to have all of you with us on the new date, that we will announce as soon as possible.

We will inform you promptly of the news that are taking place regarding this matter.

Thanking you in advance for your understanding, please receive a cordial greeting.

Jesús Barerra Correal
Director Deportes CCVM
